End Application:

Missile aim-9b

Product Name:

Magnetic amplifier

General Description:

Assembly of cabinet 1, frequency counter 1, relay 1, panel 5, regulator1, carrier 2, recorder 1, power supply 2, air control 1, modulator 1, voltmeter 1, decade box 2, desk 1, torsion bar assembly 1, holding fixture 1, jig 1, decade resistor 1, resistor selector 1, ac power strip 1, plug 1, circuit breaker 2, connector 4, union 1, tubing assembly 3, flexible hose assembly 8, cably assembly 9, socket 2, terminal lug 9, amplifier 2, elbow 1, union tee 1, selector 1, meter box assembly 1, fin restraint assembly 1, stand assembly 1, test fin 1 and miscellaneous hardware

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
