Fragility Factor:

Moderately rugged

Portability Method:

Hinged external handles

End Application:

Hawk, improved, surface to air missiles

Identification Designator:

See equipment list em11569300

Usage Design:

Used with test station an/tsm-120

Cubic Measure:

5.10 cubic feet

Special Features:

Consists of pn 11569300-1 through -17 desig a through t

Security Classification:

Unclassified

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
