**End Application:**

Lgm118a peacekeeper

**Voltage In Volts And Current Type:**

220.0 ac

**Product Name:**

Hydraulic cart

**Special Features:**

3 phase, comes with 4 caster wheels, 500 psig hydraulic fluid pressure fuel flow gpm 4 at 1000 psig

**Functional Description:**

Used to supply hydraulic pressure to actuate stage ii tva systems during depot maintenance

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
