End Application:
Lgm118a peacekeeper
Voltage In Volts And Current Type:
220.0 ac
Product Name:
Hydraulic cart
Special Features:
3 phase, comes with 4 caster wheels, 500 psig hydraulic fluid pressure fuel flow gpm 4 at 1000 psig
Functional Description:
Used to supply hydraulic pressure to actuate stage ii tva systems during depot maintenance
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
