Overall Length:

21.900 inches

Overall Height:

11.500 inches

Overall Width:

16.900 inches

End Application:

Aim-120 amraam missile

Test Item Connection Method:

Cable

Product Name:

Unit interface adapter

Functional Description:

Used to connect the tester to the amraam data processor chassis for testing

Reference Data And Literature:

Serd no. 148

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A537k0
