End Application:

Reentry system test set replacement program

Power Source:

External

Product Name:

System controller assembly

Special Features:

Contains circuit cards 9451717-10 and 9451519-30 in vxi based computer 777266-02

Reference Data And Literature:

Drawing 9451518

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A31700
