**Thread Size:**

1/4-18

**Screw Thread Series Designator:**

Npt

**Tip Type:**

Removable

**Design Type:**

Straight

**Operation Method:**

Button

**Hang-up Hook:**

Included

**Air Flow Capacity Rating:**

9.5 cfm at 100 psi

**Coupling Type:**

Threaded internal

**Special Features:**

Nozzle has 6 atmospheric vents to limit outlet pressure to 30 psi with air valve full open in accordance with u.S. Department of labor occupational safety and health administration standards

**Specification Or Standard:**

2 type and 1 class and a style

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T276-r
