Thread Size:

1/4-18

Screw Thread Series Designator:

Npt

Tip Type:

Removable

Design Type:

Straight

Operation Method:

Button

Hang-up Hook:

Included

Air Flow Capacity Rating:

9.5 cfm at 100 psi

Coupling Type:

Threaded internal

Special Features:

Nozzle has 6 atmospheric vents to limit outlet pressure to 30 psi with air valve full open in accordance with u.S. Department of labor occupational safety and health administration standards

Specification Or Standard:

2 type and 1 class and a style

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T276-r
