General Description:

Bench type; hydraulic circuit data, 15000 psi, max rated wp, reservoir data, 5 gal capacity, w/liquid sight indicator, equipped w/reservoir type filter, 10 micron, min rated filtration, guage data, 1, pressure type, 0 to 3000 psi, dial range, 20 psi, smallest graduation increment of dial, 1, pressure type, 0 to 15000 psi dial range, 100 psi, smallest graduation increment of dial, equipped w/automatic low pressure shutoff valve, w/bleeder sight indicator; pneumatic circuit data, 100 psi, min operating pressure, air filter data, 10 micron, min rated filtration, w/sediment bowl, w/pressure guage, 0 to 160 psi, dial range, 5 psi, smallest graduation increment of dial, w/pressure regulator, w/shutoff valve; pump data, 0.20 cu in. Per stroke, min, displacement, 0.30 gpm, max rated capacity; o/a dim., 16.500 in. Lg, 15.125 in. W, 23.500 in. H; no special features

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900

Mil-std (military Standard):

Mil-t-25456 spec.
