General Description:

Min of 100 db attenuation to electro-magnetic fields within 100 kc to 10000 mc frequency range; 2 power entrance connectors, 4 power line filters, 5 rf transmission line feed-through connectors; copper shielding; wood framework; o/a dim. Over-all, 10 ft lg, 10 ft 2 in. W, 8 ft h

Specification Or Standard:

2a type err-100

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
