Electromagnetic Shielding Enclosure - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4940-00-542-0002

General Description:

Min of 100 db attenuation to electro-magnetic fields within 100 kc to 10000 mc frequency range; 2 power entrance connectors, 4 power line

filters, 5 rf transmission line feed-through connectors; copper shi	nielding; wood framework; o/a dim. Over-all, 10 ft lg, 10 ft 2 in. W, 8 ft h
Specification Or Standard:	
2a type err-100	
Shelf Life:	
N/a	
Unit Of Measure:	

Demilitarization:

No

Fiig:

A23900
