End Application:

Aircraft electrohydraulic pressure control valve series 1056350

Inclosure Type:

Case

Special Features:

Magnet charger and yoke

Functional Description:

Used to recharge frame and magnet assembly during assembly

Reference Data And Literature:

To 4ba4-95-3; 9h8-30-116-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A31600
