Accessory Components And Quantity:

Blast hose 1; coupling 1; blast nozzle 1

Installation Design:

Portable

Abrasive Type Accommodated:

Dry

Abrasive Tank Compartment Type:

Single

Abrasive Tank Maximum Operating Pressure:

125.0 pounds per square inch

Abrasive Tank Capacity And Type:

22.7 kilograms sand

Remote Control:

Included

Special Features:

725.0 mm h.4.6 m blast hose lg; 12.7 mm blast hose i d; 12.7 mm piping i d; tungsten carbide nozzle lining; 33.6 kg unloaded wt

Fsc Application Data:

Tf-39 aircraft engine air foils

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T276-c
