Overall Length:

16.000 inches

Overall Height:

10.000 inches

Overall Width:

7.250 inches

Handle Material:

Steel

Handle Surface Treatment:

Galvanized

Housing Material:

Steel

Fungus Resistant Treatment:

Not included

Switch Functional Positions:

Heating element on-off

Housing Surface Treatment:

Galvanized

Temperature Rating:

Between 350.0 degrees fahrenheit and 1000.0 degrees fahrenheit

Switch Quantity:

1

Wattage Rating:

2240.00 kilowatts

Heating Element:

Included

Hot Air Thermostatically Controlled Feature:

Included

Suspension Feature:

Not included

Product Name:

Heater, gun type, electric

Phase:

Single

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T276-d
