Overall Length:

10.000 inches

Overall Height:

9.875 inches

Overall Width:

5.250 inches

Handle Material:

Any acceptable

Housing Material:

Any acceptable

Fungus Resistant Treatment:

Not included

Switch Functional Positions:

Any acceptable

Tempurature Rating:

Between 500.0 degrees fahrenheit and 700.0 degrees fahrenheit

Wattage Rating:

1600.00 watts

Heating Element:

Included

Hot Air Thermostatically Controlled Feature:

Not included

Suspension Feature:

Not included

Product Name:

Heater, gun type, electric

Phase:

Two

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T276-d
