Overall Length:

8.000 inches

Overall Height:

9.500 inches

Overall Width:

5.250 inches

Handle Material:

Rubber

Housing Material:

Aluminum

Fungus Resistant Treatment:

Not included

Switch Functional Positions:

Fan on-off and heating element on-off

Tempurature Rating:

Between 200.0 degrees fahrenheit and 300.0 degrees fahrenheit

Switch Quantity:

1

Wattage Rating:

600.00 watts

Heating Element:

Included

Hot Air Thermostatically Controlled Feature:

Included

Suspension Feature:

Included

Product Name:

Heater, gun type, electric

Phase:

Single

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T276-d
