Overall Length:

12.000 inches

Overall Height:

9.500 inches

Overall Width:

6.000 inches

Current Type:

Ac

Handle Material:

Rubber

Housing Material:

Aluminum

Fungus Resistant Treatment:

Included

Switch Functional Positions:

Any acceptable

Tempurature Rating:

Between 0.0 degrees fahrenheit and 1000.0 degrees fahrenheit

Switch Quantity:

1

Wattage Rating:

1740.00 watts

Heating Element:

Included

Hot Air Thermostatically Controlled Feature:

Included

Suspension Feature:

Not included

Voltage In Volts And Current Type:

120.0 ac

Voltage In Volts:

120.0

Phase:

Single

Special Features:

14.5amps, 17.0cfm, red in color

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T276-d
