End Application:

Kc-135r aircraft age

Functional Description:

Used to simulate oriface restrictor for preassembly flow testing

Reference Data And Literature:

Serd no. Cfc3490

General Description:

Brass; 3.000 in l, 0.875 in dia; used with 506t738-01, test fixture

Fsc Application Data:

Textron fuel nozzle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
