Overall Length:

14.500 inches

Overall Height:

18.000 inches

Overall Width:

24.000 inches

Product Name:

Tester, fuel hose assemblies, 0-2300 psi

Special Features:

Provides source of high pressure oil for proof testing hydraulic hoses after assembly; air operated outlet pressure of 15000psi from an air supply of 100 psi at 8 cfm

Reference Data And Literature:

Hydraulictechnology.Com/tester.Htm

Supplementary Features:

3 gallon reservoir capacity

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
