Accessory Components And Quantity:

Pilot-less electronic ignition forced air forced burner 1; tefc pump motors ; 7-day energy saving skip-a-day time clock 1; self-cleaning plumbing system 1; water pressure gauge 1; water temperature gauge 1; eletronic temperature gauge 1

Installation Design:

Stationary

Abrasive Type Accommodated:

Wet

Abrasive Tank Compartment Type:

Double

Abrasive Tank Maximum Operating Pressure:

150.00 pounds per square inch

Instantaneous Blast Stop/start Valve:

Included

Automatic Start Mixer Box:

Included

Abrasive Adjustment Feature:

Included

Remote Control:

Included

Special Features:

75.0in. W.O/a, 64.0in. D o/a, 104.0in. H o/a; 30.0 kw; 180, 000btu; reservoirs capacity: water 167.0 gal, sludge 47.2 gal; boom & trolley 4000.0lb load capacity; table 3500.0lb load capacity; 3.3rpm

Supplementary Features:

Hi-profile 20.0, hp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T276-c
