**Overall Length:**

8.00 inches

**Overall Height:**

2.300 inches

**Overall Width:**

3.60 inches

**End Application:**

Sensor co, bacharach inc., model no. Monoxor ii

**End Item Source:**

05083

**Usage Design:**

Fast, accurate measurement of co for both ambient air and flue gas applications

**End Item Name:**

Co detector

**Product Name:**

Advanced carbon monoxide analyzer

**Special Features:**

Power: 4x aa batteries, run time: 20hrs , warm-up time: 30-60 seconds, memory: 10 locations, communications: usb 2.0 (mini-b), irda, approvals: cd mark

**Functional Description:**

Co 0 to 2000ppm, temperature: -4 to 1202f, display: graphic lcd w/backlight, weight: 1lb, operating conditions: 23 to 113f

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23800
