Overall Length:

8.00 inches

Overall Height:

2.300 inches

Overall Width:

3.60 inches

End Application:

Sensor co, bacharach inc., model no. Monoxor ii

End Item Source:

05083

Usage Design:

Fast, accurate measurement of co for both ambient air and flue gas applications

End Item Name:

Co detector

Product Name:

Advanced carbon monoxide analyzer

Special Features:

Power: 4x aa batteries, run time: 20hrs , warm-up time: 30-60 seconds, memory: 10 locations, communications: usb 2.0 (mini-b), irda, approvals: cd mark

Functional Description:

Co 0 to 2000ppm, temperature: -4 to 1202f, display: graphic lcd w/backlight, weight: 1lb, operating conditions: 23 to 113f

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
