Locking Device:

Not included

Adjustability:

Adjustable

Adjustment Method:

Electrical and hydraulic

Rolling Element Type And Quantity:

4 wheel

Working Level Dimension:

100ft

Working Platform Quantity:

1

Ladder:

Not included

Platform Safety Guard:

Not included

Rated Load Capacity:

500.0 pounds

Product Name:

Truck, lift, platform, gasoline-engine-driven telescoping boom

Functional Description:

Used for various types of overhead construction & maintenance work

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T361-j
