Overall Length:
16.000 inches
Overall Height:
10.000 inches
Overall Width:
15.250 inches
Current Rating:
1.000 amperes and 10.000 amperes
Special Features:
12% recommended concentration of phosphoric acid; 70-85 degrees f process temperature; 30-40 minutes process duration; 20-250
ml/minute acid flow rate; uncontrolled water flow rates; self-sealing color-coded polypro w/viton seals; acid-proof fittings; polyethylene
color-coded; 5-ft hoses
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
