Overall Length:

2.56 inches

Overall Width:

3.00 inches

Product Name:

Needle valve

Special Features:

Screw in, cartridge style, variable orifice, hydraulic flow restrictor valve; operating pressure-240 bar (3500 psi); temperature: -40 to 120 degrees celsius

Material:

Steel

Surface Treatment:

Zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
