Overall Thickness:

1.024 inches

End Application:

Howitzer, medium, self-propelled

Closed Enddiameter:

1.102 inches

Features Provided:

Weather resistant

Product Name:

Cover, dust

Material:

Aluminum alloy

Material Specification:

Mil-dtl-38999 military specification single material response

Shape:

Round

Specification Data:

81349-mil-dtl-38999 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539s0

Mil-std (military Standard):

Mil-dtl-38999 spec.
