**Overall Thickness:**

1.024 inches

**End Application:**

Howitzer, medium, self-propelled

**Closed Enddiameter:**

1.102 inches

**Features Provided:**

Weather resistant

**Product Name:**

Cover, dust

**Material:**

Aluminum alloy

**Material Specification:**

Mil-dtl-38999 military specification single material response

**Shape:**

Round

**Specification Data:**

81349-mil-dtl-38999 government specification

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A539s0

**Mil-std (military Standard):**

Mil-dtl-38999 spec.
