Overall Length:

4.000 inches

Unable To Decode:

Unable to decode and unable to decode

Cutting Edge Width:

0.250 inches

Criticality Code Justification:

Feat

Special Features:

Testing iaw mil-m-19595

Supplementary Features:

Material in accordance with mil-c-22226, form 1, cond h; hardness of work end shall be rockwell c41 min; hardness of striking end shall be rockwell c34-38

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A533x0
