Overall Length:

3.500 inches

Outside Diameter:

0.870 inches

Pin Diameter:

0.063 inches

Opening Diameter:

0.531 inches

Center To Center Distance Between Pins:

0.594 inches

Functional Description:

Used for installing 551501, piston in assembly 548170 and 548170-1, and 548247, piston, in assembly 547825

Material:

Steel

Style Designator:

Tubular pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A102a0
