Overall Length:

3.000 inches

Outside Diameter:

Between 0.495 inches and 0.505 inches

Pin Diameter:

Between 0.0428 inches and 0.0430 inches

Opening Diameter:

0.200 inches

Center To Center Distance Between Pins:

Between 0.291 inches and 0.295 inches

Special Features:

Pins 180.0 degrees apart

Material:

Aluminum

Material Specification:

Qq-a-365 comp a federal specification single material response

Surface Treatment:

Anodize

Style Designator:

Tubular pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A102a0
