Overall Length:

8.000 inches

Outside Diameter:

1.500 inches

Pin Diameter:

Between 0.172 inches and 0.234 inches

Opening Diameter:

0.875 inches

Center To Center Distance Between Pins:

0.094 inches

Special Features:

17/32 in/dia drill-thru in handle, 5/8 inch center of hole to end of handle

Functional Description:

Used on dc-3 hyd.Pressure regulating valve

Material:

Steel comp 1015

Surface Treatment:

Cadmium

Style Designator:

Tubular pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A102a0
