Overall Length:

6.000 inches

Diameter:

7.000 inches

End Application:

Cummins engine co. Inc. Series nh engines

Usage Design:

To drive crankshaft oil seal into rear cover; also aligns rear cover to crankshaft

Operation Method:

Nonimpact

Material:

Steel

Shape:

Round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T294-m
