Overall Length:

2.000 inches

Outside Diameter:

2.400 inches

Pin Diameter:

0.105 inches

End Application:

Aircraft nose landing gear strut 5010481-9

Drive Surface Size:

0.380 inches single end

Angle Between Pins:

180.0 degrees

Drive End Shape:

Square single end internal

Material:

Steel

Reference Data And Literature:

To 4s2-75-4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A102a0
