**Overall Length:** 

5.750 inches

**Overall Width:** 

1.875 inches

## Head Thickness:

0.875 inches

#### Drive Surface Size:

0.375 inches single end

### **Features Provided:**

Reversible ratchet

**Drive End Shape:** 

Square single end external

**Environmental Attribute Code:** 

Plastics removal in the marine environment (prime) product

#### Material:

Steel

Surface Treatment:

Chromium

Style Designator:

Ratchet

Specification Data:

81343-sae as4283 professional/industrial association standard

#### **Specification Or Standard:**

1 type and 2 class and b style

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A102a0
