Overall Length:

16.656 inches

Overall Width:

7.000 inches

Small End Opening Diameter:

2.312 inches

Large End Opening Diameter:

3.125 inches

Features Provided:

Replaceable wrenching feature and removable handle

Material:

Steel

Surface Treatment:

Phosphate

Surface Treatment Specification:

Mil-c-16232 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A102a0

Mil-std (military Standard):

Mil-c-16232 spec.
