Overall Length:

0.687 inches

Outside Diameter:

1.750 inches

Pin Diameter:

0.187 inches

Drive Surface Size:

0.253 inches single end and 0.257 inches single end

Drive End Shape:

Square single end internal

Material:

Steel comp 303

Material Specification:

Qq-s-764, cond a federal specification single material response

Surface Treatment:

Passivate

Style Designator:

Pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A102a0
