**Overall Length:**

6.000 inches

**End Application:**

6625-01-070-7874 test set indicator

**Features Provided:**

Electrically insulated

**Special Features:**

2.400 in. W; 0.625 in. H

**Material:**

Aluminum alloy body

**Material Specification:**

Qq-a-250/11 federal specification single material response body

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A536j0
