Overall Length:

6.000 inches

End Application:

6625-01-070-7874 test set indicator

Features Provided:

Electrically insulated

Special Features:

2.400 in. W; 0.625 in. H

Material:

Aluminum alloy body

Material Specification:

Qq-a-250/11 federal specification single material response body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A536j0
