Overall Length:

33.625 inches

Wrenching Surface Size:

0.906 inches single end

Wrenching Surface Shape:

Square single end internal

Special Features:

Fixed handle

Material:

Steel and nickel alloy

Material Specification:

Ww-p-404, class a53as federal specification 1st material response

Surface Treatment:

Zinc

Style Designator:

Single socket t

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A527y0
