Overall Length:

6.000 inches

Pin Diameter:

0.250 inches

Opening Diameter:

2.000 inches

Features Provided:

Replaceable wrenching feature

Special Features:

0.188 in. Nom pin lg

Material:

Steel

Surface Treatment:

Oxide

Style Designator:

Pin

Specification Data:

81343-sae as6018 professional/industrial association standard

Specification Or Standard:

2 type and 1 class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A102a0
