**Overall Length:**

5.000 inches

**End Application:**

Abf164/m70

**Head Thickness:**

0.090 inches

**Wrenching Surface Size:**

0.885 inches single end

**Wrenching Surface Shape:**

Oval single end internal

**Material:**

Steel wrenching surface

**Material Specification:**

Qq-t-570, b4 federal specification single material response wrenching surface

**Style Designator:**

Single head

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A527y0
