Overall Length:

5.000 inches

End Application:

Abf164/m70

Head Thickness:

0.090 inches

Wrenching Surface Size:

0.885 inches single end

Wrenching Surface Shape:

Oval single end internal

Material:

Steel wrenching surface

Material Specification:

Qq-t-570, b4 federal specification single material response wrenching surface

Style Designator:

Single head

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A527y0
