Overall Length:

9.920 inches

Diameter:

2.000 inches

Usage Design:

Used to install bearing set on c-130 aircraft main landing gear retracting screw

Operation Method:

Nonimpact

Special Features:

Replacement tool m.L.G bearings

Material:

Steel

Shape:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T294-m
