**Overall Length:**

15.000 inches

**Overall Width:**

1.656 inches

**Head Thickness:**

1.313 inches

**Torque Capacity:**

5000.0 inch-pounds

**Drive Surface Size:**

0.500 inches single end

**Features Provided:**

Reversible ratchet

**Drive End Shape:**

Square single end external

**Environmental Attribute Code:**

Plastics removal in the marine environment (prime) product

**Special Features:**

80 gear teeth

**Material:**

Steel handle

**Surface Treatment:**

Chromium

**Style Designator:**

Ratchet

**Specification Data:**

81343-sae as4283 professional/industrial association standard

**Specification Or Standard:**

1 type and 2 class and b style

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A102a0
