End Application:

Aircraft gear oleo assembly series 65-27330

Drive Surface Size:

0.386 inches single end

Drive End Shape:

Square single end internal

Product Name:

Wrench, pin spanner

Functional Description:

Used to remove and install orifice plate

Material:

Steel

Reference Data And Literature:

To 4s2-78-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A102a0
