End Application:

Aircraft propeller controls

Expanding Collet Spread Range:

0.156 inches

Expanding Collet Quantity:

1

Product Name:

Puller, mechanical

Special Features:

Used to remove differential gear train shaft bearing from housing

Reference Data And Literature:

To 3ha2-7-3

Style Designator:

Bearing removal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T294-m
