Overall Length:

3.750 inches

Outside Diameter:

1.500 inches

Drive Surface Size:

0.505 inches second end

Hardness Rating:

Between 33.0 rockwell c and 38.0 rockwell c

Drive End Shape:

Square second end external

Material:

Steel comp 4130

Material Specification:

Qq-s-624 federal specification single material response

Style Designator:

External-internal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A102a0
