Overall Length:

5.600 inches

Pin Diameter:

0.250 inches

End Application:

Ch-53a helicopter

Drive Surface Size:

0.500 inches single end

Angle Between Pins:

90.0 degrees

Drive End Shape:

Square single end internal

Special Features:

Aluminum pilot

Functional Description:

Used to torque 65358-07031-101 nut on 65358-07046-041 output shaft assembly tail gear box

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A102a0
