End Application:

Aircraft propeller controls

Spread Range:

4.625 inches

Product Name:

Lifter, pump housing

Special Features:

27.333in lg; 14.187in wd

Functional Description:

Used to install and remove control from test stand

Reference Data And Literature:

To 3ha2-7-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T294-m
