Overall Length:

8.500 inches

Pin Diameter:

0.312 inches

Center To Center Distance Between Pins:

3.000 inches

Criticality Code Justification:

Zzzy

Material:

Steel

Surface Treatment:

Anodize

Style Designator:

Face pin

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A102a0
